

Metaboclear (Vanilla)

Supports Phase I and Phase II Detoxification Pathways

PRODUCT BENEFITS*

- To be used as part of a metabolic clearing program (detoxification).
- Supports healthy phase I and phase II detoxification pathways.
- Supports healthy liver and gallbladder function.

Metaboclear Vanilla is a multi-nutrient product designed to support normal detoxification function of the human body. It is designed to support detoxification pathways, liver, and gallbladder function, along with healthy intestinal function. Metaboclear shakes are used in conjunction with specific dietary recommendations that foster an anti-inflammatory and hypoallergenic internal environment.

DIRECTIONS FOR USE

Mix one scoop of powder with 8 ounces (1 cup) of water or unsweetened almond milk (provided you do not have an allergy to almonds).

STORAGE

Store in a cool, dry place away from direct sunlight. Product from unopened containers that have been stored under recommended conditions (55-85°F / 13-29°C) may be used for up to 36 months.

WARNING

Consult your health care professional before use if pregnant, nursing, taking medications, or for any use by minors. Do not use if safety seal is broken or missing. Keep out of reach of children.
