

Omega-3

High Absorption Softgels

Key Ingredients

MaxSimil Fish Oil Concentrate. The MaxSimil Patented Lipid Absorption Enhancement Technology is a novel monoglyceride delivery system that enhances absorption of lipid-based and lipid-soluble nutraceutical and food ingredients. Due to the fact that monoglyceride oils are intrinsically emulsifiers and are, by nature, in a readily absorbable form, they can bypass the body's normal fat digestion process. Studies show that MaxSimil fish oils (FO) have three times (300%) greater absorption of EPA and DHA compared to other leading fish oils.

Omega-3 Fatty Acids. Omega-3 Fatty Acids have demonstrated usefulness as a support for optimal function within the nervous system, the cardiovascular system, promoting proper metabolism, balancing inflammation, supporting reproductive health, and even promoting optimal cognition.

Benefits of Product

Imperative to optimal cell membrane function, essential fatty acids have been lauded for decades in relation to their systemic effects on health and vitality. Omega 3's have shown the ability to improve inflammatory response in a variety of scenarios. While inflammation is necessary function of physiology, balancing that inflammation with a patient's ability to heal is key. Robust, systemic, out of control inflammation is a hallmark of chronic disease and omega 3's can offer improved regulation of the inflammatory cycle. When left unchecked, the resulting insulin resistance is a common effect. While insulin resistance is often looked at as a protective mechanism, it can also act as a primary driver of metabolic disease. Fish oil in ideal EPA:DHA ratios can provide support for insulin sensitivity and promote proper utilization of glucose and overall metabolic balance.

- **Optimal Supply of Essential Fatty Acids.**
- **Supports a Healthy Inflammatory Response.**
- **Promotes Proper Metabolic Function.**
- **Triple Absorption Rate vs. Leading Fish Oils**

Supplement Facts

Serving Size: 1 Softgel
Servings per Container: 60

	Amount Per Serving	% Daily Value
Calories	10	
Total Fat	1 g	1%
MaxSimil Fish Oil Concentrate	1.3 g	**
Total Omega-3 Fatty Acids	860 mg	**
EPA (Eicosapentaenoic Acid)	600 mg	**
DHA (Docosahexaenoic Acid)	260 mg	**
**Daily Value Not Established		

Other Ingredients: Natural lemon flavor. Contains fish (anchovy).

DOES NOT CONTAIN: Sugar, wheat, casein, gluten, soy, milk, egg, yeast, preservatives, artificial flavorings, colorings, peanuts or tree nuts.
