

# GI ResQ Bundle

A nutrient-rich program designed to support your body's optimal digestive function.

The Biogenetix GI ResQ bundle is uniquely designed to provide soothing nutrients that support the repair and maintenance process of the GI tract. As part of a healthy lifestyle, balance within this incredibly important system is the target – promoting optimal immune function, metabolic health, and detoxification.

## SUPPORTING YOUR GI THERAPY PROCEDURE BY:

- Support optimal gut terrain
- Promote ideal inflammation management
- Support optimal integrity of the intestinal lining
- Promote microbial balance
- Promote optimal nutrient absorption
- Enhanced production of short chain fatty acids

The GI ResQ Bundle can be used to support the body's efforts at improving the physiological and biochemical underpinnings of chronic GI distress, inflammatory-driven chronic conditions, and general gut health.

The statements herein have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, reverse, cure, or prevent any disease.

# Biogenetix: **GI ResQ Bundle**

## KEY COMPONENTS

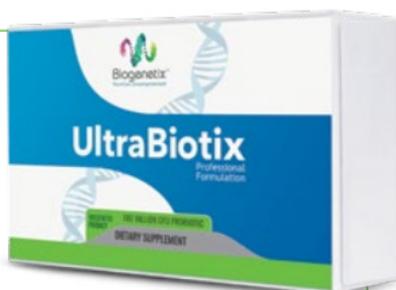

Each product of the GI ResQ bundle blends together to form a robust approach to GI improvement, offering a foundation of L-Glutamine and synergistic herbs combined with the optimal absorption of powder-based multivitamins and probiotics.

L-Glutamine, aloe, and soothing herbs blend together in this powerful approach to a healthy gut lining.

Offering a wide array of carefully selected nutrients in a format promoting optimal utilization. This foundational grouping of nutrients holds a key to optimal tissue function: absorption.

Supports the replenishment of good bacteria in the GI tract as it bolsters natural immune defense and stimulates bowel regularity.

## SUGGESTED STRATEGY (AM/PM)

GI ResQ: 1 scoop  
Multi+ Powder: 2 scoops  
UltraBiotix: 1 sachet/capsule

Mix into 10 ounces of cold water in the morning and the evening.
