

# BioPlex C

High-Potency Antioxidant Formula

## PRODUCT BENEFITS\*

- **Supports Collagen Synthesis**
- **Promotes Optimal Immune Function**
- **Supports Improved Metabolic Activity**

BioPlex C combines ultra-potent vitamin C with a standardized, full-spectrum, citrus bioflavonoid complex. Both vitamin C and bioflavonoids have been extensively researched for their roles in supporting antioxidant activity and immune function. In addition, research suggests vitamin C is required for the synthesis of collagen, neurotransmitters, and cofactors involved in weight loss, like carnitine. Bioflavonoids appear to support healthy metabolism and cognition by functioning as cell-signaling agents.\*

## SUPPLEMENT FACTS

Serving size: 1 Capsule Servings per container: 90	Amount Per Serving	% Daily Value
Dietary Fiber	500 mg	556%
