

BioG-Max C with R-Lipoic Acid

Professional-Grade Liposomal Vitamin C

PRODUCT BENEFITS

- Intraoral delivery for best systemic availability
- Potent liposomal delivery for optimal absorption
- Immune support during cold and flu season
- Vitamin C and R-Lipoate stimulate fibroblast activity to support collagen production and regeneration

The Biogenetix Liposomal BioG-Max C with R-Lipoic Acid is the most absorbable form of professional-grade Vitamin C.

Vitamin C is essential to any detoxification program as it feeds the system that eliminates toxins. It is also very effective in promoting removal of heavy metals and fighting off the free radicals that form in the liver during the first phase of detoxification. R-Lipoic acid (as sodium R-Lipoate) has an exceptionally well-documented ability to upregulate the glutathione system via the Nrf2 nuclear transcription pathway.

This combination of Vitamin C and R-Lipoate in a nano-liposomal delivery potentially harnesses the potential of Vitamin C to the power of a fully-functioning glutathione system.

DIRECTIONS FOR USE

Take 4 pumps by mouth. Hold in mouth 60–90 seconds before swallowing. Repeat to desired dosage or as directed by a health care professional. Take on an empty stomach, at least 10 minutes before meals. Use within 30 days of opening. If pregnant, breastfeeding or planning to become pregnant, consult a physician before use.

PRODUCT FEATURES

- Tightly controlled small sizing, verified by Laser Dynamic Light Scattering on each batch
- Mean size 50-100 nm
- Flavored with essential oils, giving pleasant citrus taste, suitable for intra-buccal delivery
- Precise pump delivery
- Easy water dispersability when desired
