

BioG-Max D3K2

Immune System Support

PRODUCT BENEFITS

D3K2 provides Vitamin K2 to maximize the benefits of Vitamin D, which together support the immune system, maintaining strong bones, and healthy muscle function.

Bioactive Replenishment – Absorption issues and lack of sun exposure can easily lead to deficiency. Our product offers 2500 IU of D3 alongside bioactive K2 to help support strong bones, immunity, mood, and arterial health.

D3 + K2 Teamwork – Taking vitamins D and K together can balance their effects and minimize the risks of supplementing D alone. Vitamin K helps guide vitamin D into the bones where it is needed most.

Unsurpassed Absorption – Liposomal delivery bypasses GI absorption barriers and begins circulating the body as soon as it hits the tongue.

DIRECTIONS FOR USE

Take 1 pump by mouth 1-2 times daily. Hold in mouth 30 seconds before swallowing. Repeat to desired dosage or as directed by a health care professional. Take on an empty stomach, at least 10 minutes before meals. If pregnant, consult a physician before use.

STORAGE

Store at room temperature.

SUPPLEMENT FACTS

	Amount Per Serving	% Daily Value
Serving size: 1 Pump (0.5 mL)		
Servings per container: 100		
Vitamin D (as cholecalciferol, D3)	62.5 mcg (2500IU)	625%
