UltraBiotix Capsules

Professional Strength Probiotic

Biogenetix
Nutrition Uncompromised

PRODUCT BENEFITS*

- **Support Metabolic Activity**
- **Optimize Immune Function**
- **Promote Internal Balance**

UltraBiotix is a vegetarian, dairy- and gluten-free, four- strain probiotic totaling 100 billion CFU† per capsule. Each vegetarian capsule is sealed in nitrogen-purged aluminum blister packs to serve as protection from factors proven to compromise the stability of probiotics such as heat, moisture, and oxygen.

UltraBiotix provides four researched strains of beneficial bacteria, including the extensively studied HN019® strain of Bifidobacterium lactis. These live microorganisms have proven health benefits and well-established safety, and have been tested for epithelial cell adhesion and/ or resistance to low pH.*

To further support resistance to low pH and the delivery of microorganisms to the small intestines, Biogenetix employs DRcaps® gastro-resistant capsules. These specially designed, innovative capsules help slow exposure of actives to stomach acid and ensure more targeted release.

KEY INGREDIENTS

HOWARU. Discovered in 1899, B lactis play a key role in the human microflora throughout a person's life. Researchers have identified strain HN019™ as having excellent probiotic potential based upon its ability to survive the transit through the human gastrointestinal tract, adhere to epithelial cells, and proliferate.

Lactobacillus acidophilus. This common inhabitant of the human mouth, intestinal tract, and vagina, is also found in some traditional fermented milks (e.g., kefir) and is widely used in probiotic foods and supplements. L acidophilus shows excellent adhesion to human epithelial cell-lines.

Lactobacillus plantarum. This bacteria was isolated from plant material and is abundantly present in lactic acid- fermented foods, such as olives and sauerkraut. L plantarum is resistant to low pHconditions and survives the presence of bile at duodenal concentrations.

Bifidobacterium longum. B longum is resistant to low pH and bile salts and is well suited to the intestinal environment.

DIRECTIONS FOR USE

Take one capsule with water daily, or as directed by your health care professional.

Consult your health care practitioner prior to use. Individuals taking medication should discuss interaction with their health care practitioner.

STORAGE

Keep closed in a cool, dry place out of reach of children.

SUPPLEMENT FACTS

Serving size: 1 Capsule Servings per container: 30	Amount Per Serving	% Daily Value
Proprietary Blend Lactobacillus acidophilus La-14 Bifidobacterium longum Bl-05 Lactobacillus plantarum Lp-115	409 mg (50 Billion CFU†)	**
HOWARU[S1] Bifido (Bifidobacterium lactis HNO19[S2])	167 mg (50 Billion CFU†)	**

** Daily Value Not Established
† Colony-Forming Unit

Other Ingredients: HPMC (acid-resistant capsule), microcrystalline cellulose, magnesium stearate, and silica.
Does Not Contain: Wheat, gluten, soy, animal and dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, and artificial preservatives.
