

GI ResQ+

Enhanced Gastrointestinal Support

Biogenetix
Nutrition Uncompromised

PRODUCT BENEFITS

- Supports Gastrointestinal Health*
- Supports Mucous Membrane Integrity*
- Promotes Healthy Bowel Function*

GI ResQ+ features a custom blend of botanicals traditionally used to soothe the gastrointestinal tract. The easy-to-mix powder contains L-glutamine and is targeted to support membrane integrity and promote overall digestive health.*

The integrity and function of the gastrointestinal (GI) tract is fundamental to vitality. The GI tract is a tube composed of multiple layers that include a mucosal lining of the lumen, sub-layers of mucosa, and a rich supply of nerves and blood vessels in the inner smooth muscle. A healthy gastric mucosal lining protects the GI tract from the damaging effects of stress, bacteria, and other irritating physical and chemical substances.¹ The critical functions of the GI tract are the digestion and assimilation of foods into fuel, sufficient elimination of wastes, and the provision of a barrier for immune protection. These functions render the GI tract as foundational for good health and wellness. GI Balance and GI Balance Powder are formulated with the goal of promoting good health and wellness, and they contain ingredients clinically and traditionally utilized to support a healthy GI tract.*

SUPPLEMENT FACTS

	Amount Per Serving	% Daily Value
Serving size: 1 Scoop (about 6.85 g)		
Servings per container: 28		
Calories	40	
Total Carbohydrate	7 g	3%*
Dietary Fiber	2g	7%
Total Sugars	1 g	**
Zinc (as zinc L-carnosine)	32.25 mg	293%
L-Glutamine	4 g	**
Slippery Elm (<i>Ulmus fulva</i>)(bark)	2 g	**
N-Acetyl-D-Glucosamine	2 g	**
Aloe Vera 200:1 Extract (<i>Aloe barbadensis</i>)(leaf gel)	600 mg	**
Porcine Gastric Mucin	400 mg	**
Green Kiwifruit (<i>Actinidia deliciosa</i>)(fruit)(62,500 AU actinidin)S1	400 mg	**
Marshmallow (<i>Althaea officinalis</i>)(root)	400 mg	**
Licorice Extract (<i>Glycyrrhiza glabra</i>)(root)(3.5% glabridin)S2	300 mg	**
Quercetin (as quercetin dihydrate)	200 mg	**
Prune (<i>Prunus domestica</i>)(fruit)	200 mg	**
Chamomile Extract (<i>Matricaria recutita</i>)(flowering head) (1% apigenin-7-glucoside)	200 mg	**
Cat's Claw (<i>Uncaria tomentosa</i>)(bark)	200 mg	**
Okra (<i>Hibiscus esculentus</i>)(pod)	200 mg	**

Daily Values based on a 2,000 calorie diet
** Daily Value Not Established

Other Ingredients: Guar gum, natural flavors, and stevia leaf extract.

Does Not Contain: Wheat, gluten, yeast, soy, dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, and artificial sweeteners.
