

# BioG-Max GSH

Professional-Grade Liposomal Glutathione

## PRODUCT BENEFITS

- Supports Healthy Detoxification
- Promotes Optimal Metabolism
- Supports Healthy Immune Function Powerful
- Antioxidant Effects

Glutathione is one of the body's most powerful promoters of detoxification. It can support healthy immune system function and neutralize a wide variety of harmful chemicals and compounds. Through these actions, glutathione protects the body from free radical damage and chemical toxicity addressing metals, a variety of organic compounds, and many industrial pollutants. Because most oral glutathione breaks down in the stomach before reaching cells of the tissue in need, Biogenetix utilizes cutting edge liposomal delivery technology to protect the core ingredient from the digestive system and increase its uptake and bioavailability.

## DIRECTIONS FOR USE

Take 2 pumps by mouth. Hold in mouth 30-90 seconds before swallowing. Repeat to desired dosage or as directed by a health care professional. Take on an empty stomach, at least 10 minutes before meals. Use within 30 days of opening. If pregnant, breastfeeding, or planning to become pregnant, consult a physician before use.

## STORAGE

Refrigerate upon receipt. ❄️

## KEY INGREDIENTS

**Opitac Glutathione.** Glutathione has an amazing capacity to scavenge free radical damage and support healthy metabolism. The antioxidant capabilities are well documented and provide an ability to gather toxins as part of an overall healthy detoxification plan. Additionally, supporting a healthy immune system and ideal level of inflammation make glutathione a powerful addition to any healthy lifestyle.

**Phosphatidylcholine.** Phosphatidylcholine is a key contributor to quality of life. It constitutes a vast sum of cell membrane components and is utilized in the body for maintenance purposes, in addition to detoxification and bile formation. Biogenetix utilizes phosphatidylcholine in the most advanced liposomal delivery technology in the marketplace, wrapping it around the key nutrient for unrivaled absorption rates. Phosphatidylcholine utilized in the liposomal delivery technology is the secret to bioavailability and nutrients being able to cross membrane barriers.

## SUPPLEMENT FACTS

Serving size: 2 Pumps (1 mL) Servings per container: 50	Amount Per Serving	% Daily Value
Opitac™ Glutathione	100 mg	**
Phosphatidylcholine (from purified sunflower seed lecithin)	75 mg	**

\*\* Daily Value Not Established
